## 2021 Prophecy

### Turning the World Upside-Down

### September 9, 2021

You need to be involved. With Me things are aligning right now. The promises are coming forth.

I will continue to revise and correct and improve My Church to bring the new, up-to-date version of you.

Leave behind the debris—all the remains of the things that were broken or missing. For My Kingdom is reigning—with nothing broken, nothing missing, nothing lacking as you spend time with Me.

*Philippians 4:7 - "And the peace of God, which surpasses all understanding, will guard your hearts and minds through Christ Jesus."*

Peace defined: nothing missing, nothing lacking, nothing broken.

My glory impact calls you to spirit examination and change will occur in you, and then be released through you.

Join with Me. Be what I've always made you to be. A needed voice, a needed warrior. Move with Me to open ears and hearts for the needed infiltration.

Revelation at a different level is coming to the desperate worshippers who surrender at My feet. What once was held in the unknown will be brought forth into the known, as My secrets are unveiled.

That unveiling will bring the reserved experiences for you that will impact you with

enough sustaining power to carry you through the challenges in the present to the harvest of the future.

Drink Me in. Drink Me in, and I'll visit you in the night season.

I will open your eyes and I'll open your spirit. I will give you dreams, and wisdom to go with them. This is the season for supernatural disclosures and happenings.

Do not think I have forgotten the promises to the generations.

My heart's attention and love supersedes any age restrictions. I died for all. I call to all with redemption.

I am causing those to be attracted back to the things of the spirit and get away from the flesh.

Flesh emptiness.

Now I'm drawing people into the reality of the lack in their life.

Now they will be looking for you. They'll be looking for those who carry My joy, for those who carry My glory, looking for those who will release truth that will cut through the darkness, and chop off the enemy's head again.

So let the people come. See what I will do. I'm calling them in, and I'm calling them to you.

Others will look and say, I don't know, but I want what they have.

Here I am waiting, waiting for you and I'm waiting for them.

Seek Me for what they are needed for and how they are to be utilized.

I made a way for you. You'll make a way for others.

Then you come back rejoicing with the sheaves. You come back and fellowship with Me, and then begin again. And then begin again.

There is no end to My love, there is no end to My joy. There is no end to My attractiveness.

I am going to cause protection to come because of your praise, because of your joy being released. Your joy has made the way for them.

Oh, but there's joy in the journey. You have not ever yet experienced how high you can go in joy.

It makes no sense in the natural, which is why it captures their attention.

You see, I'm taking away your sadness. That is exactly why I came. Sadness comes from fear; fear comes separation from me. Come back to Me, where there is no fear, no sadness. I become your joy. I become your all in all.

Connect to Me. Hear Me. Worship Me. Share Me. Have joy in Me. Repeat.

If you feel tired and frustrated, know that it is Me, pressing you to recognize the futility of everything else but Me.

The difference **you** are looking for, is Me. I am the difference **they** are looking for, is Me.

Hold tight to what I reveal. Listen to Me, and do not let My words go. They belong to you and the generations that are being enlightened.

The emphasis must be on the move of what I am doing by the Spirit.

Let the experiences during moves of the Spirit mark you and cause you to take a stationed position in your heart.

Love Me. Love on Me. Connect to Me. Hear Me. Worship Me. Share Me. Have joy in Me.

I will release more to those who will correctly handle them.

Learn to move with My Spirit. Seek Him. See what He has done. Look for what He is doing. Pay attention to His voice. Then you will arise to take action.

You must push past today's headlines and remember My headlines. While there are many bad reports, reinforce yourself with the report of the LORD. That will sustain and empower you.

I will fight with you as you rise and fight with Me.

Don't believe the enemy's lies; it's a fight not to believe his lies, for he is lying all the time. His voice tries to win you over. You have to put him down.

Put him under your feet where he belongs. Don't let his voice rise. Don't give him place. Take your place.

You have access to everything that is of Me.

You are Spirit-empowered family members.

Is there not a cause?

The cause is My Church acting with authority to bring the government of My upside-down Kingdom into place.

Confidence will grow as you move in confidence of My promises to you.

We're on this journey together. I've always got more for you.

Begin to share My thoughts and My heart and My ways with others while they are fresh from My very presence.

I don't require you to jump through hoops to get My attention. I require you to sit still, and hear My voice—the quiet, still voice that is always speaking.

There is no way for you to be more ready than you are right now.

As I speak you hear and you apply it. It's a very simple gospel. It's the way you received Me.

Occupy your territory once again. Stand firm and occupy. Take your positional authority seriously.

Speak the truth. Do it in love. Be the difference.

Separate yourself from the world and come into harmony with Heaven.

I will bring new meaning to turning things upside-down and inside-out.

When you respect and honor Me, you will cause profound reverence that is mingled with love and devotion, and will cause yielding and submitting to Me to be your preference.

As you partake, you will literally feel a difference in your body.

Those things that the enemy has said he will destroy you with, I will destroy him with.

The tables have turned even now, in this place.

Your body is responding to the Spirit.

Your body is responding to the release of the word.

Your body is responding to the joy in the house.

I am messing with your brain; I am messing with what you thought you believed, what you thought you knew.

Rearranging things so that I can put things under, I can lift up the things that you need to go to the place where I am called.

Where the essence of Me will flow out of the very essence of you, where we work in tandem, seamlessly.

Now, go deeper and plow the ground.

- Remember and learn the lessons from this season.
- Write down how things changed for you as I revealed what needed to change in you.
- Make it a part of your memory to utilize it to help others.
- Teach, train, disciple.
- Always by returning to your first love priorities.

Because you have prayed, because you have praised for My people who on your heart, I am intervening for them even now—those who are carrying the cross, those who are carrying My blood forth, those who are carrying My Word forth.

I have deposited inside you, and now you have declared, now you have decreed, you have prayed.

As you declared and decreed together regarding the desperate situations, your voices have been heard because of the orchestra of unity.

Intercessors, I want to speak to you. You are the catalyst behind the changes being made.

Those who did not stop, who did not stop believing, who were declaring My Word and agreeing with My Word, agreeing with Me in unity ... thank you.

Be assured, your prayers are charging angels on behalf of those in desperation.

Absorb what I have always wanted you to understand.

Now you will see things differently in the Word. You won't look at it as a script ... you must read it, memorize it, and see My revelations from it.

Pray it out to hit the targets I reveal must come down.

You have heard My voice. You make the difference.

There is an anointing coming that is even deeper.

Stand in the gap to intercede.

Those who know how vital it is when you pray, know that I will give them an IV of what they really have need of.

My Bride, I long for you to re-engage and learn what you hear from Holy Spirit.

That is how you REV UP. Reach up! Hear on purpose. Operate by faith. Step back into the Spirit and then step up. He is always teaching you.

It is necessary to bring about the change that is needed. To reverse and beat back the plans of the enemy there must be a reversal of the previous, normal condition.

There is a holy anger against the unholy, which will destroy the spirit of compromise. My people will not blend in, they will stand out, and stand up.

They see the necessity of it. They always rise. Because I will always have a remnant after My heart.

Don't be weary or disheartened, instead listen closely to Me.

Hear the sounds of reverberation. These are the sounds of Heaven. Echo My words. Echo My words. They bring life.

Only think Kingdom. Only think Kingdom thoughts. That will take discipline. I hope you understand that.

Allow Me to rework things that concern you. I'll turn it around for good.

What was once held in the unknown, will now be brought forth into the known, because I am unveiling My secrets.

It is essential to understand that you are essential!
